ABOUT ME

The exploration is my passion since i was child, lover to keep up with the times and Addicted to technology and techniques that advance me to search of all the technical details specifically which related of WEB, this passion drove me to improve my self experince to be professional and creative person in this field.

RESUME

So I've got more than 10 years experience in web design.
Here's my past, education & job.

Web Designer @ Arts2Art

Nov 2014 – Current

I currently work at Arts2Art. I create usable web interfaces, front end coding stuff, analyzing an apps and almost anything. But i love what i do.

Account Manager @ IDIS

March 2014 – Oct 2014

I worked as an Account Manager for IT solutions. I made some great deals as sales and I got an experience on networking solutions.

Executive Secretary @ Al-Rowad EST.

2010 – Feb 2014

I worked as Executive Secretary for 2 years as a part time before I done my bachelor degree, after that I handled a lot of things on the office, it was a great experience on my life.

Bachelor of Computer Science @ UDEX University **2012**

I received a bachelor's degree from the UDEX University in Computer Science.

High School @ Al Rehab School

2007

I graduated from high school (science) And got a degree of excellence.
